

MIDDLETON HALL
RETIREMENT VILLAGE

MAINTENANCE TECHNICIAN (PLUMBING & HEATING BIAS)

We're Recruiting!

- Unique opportunity to be part of our multi-discipline team
- We welcome you to come join us in our vision "to be recognised as the best retirement village in the UK".

Who are we?

- A multi award-winning Retirement Village set in the beautiful parkland and gardens of the Middleton Hall estate.
- A group of like-minded individuals, sharing the same core values to support our residents to live their best life.

Please read on if you feel you have the relevant values, personality and skill set to join our team.

What does being a Maintenance Technician involve?

- Key responsibilities and tasks will be centered around;
 - Compliance and testing
 - Reactive breakdowns and maintenance
 - Small refurbish projects such as wet room installations.
- Middleton Hall is a large site with a mixture of domestic & light commercial plant and services therefore there is opportunity to maintain old and new plumbing systems such as open vent or sealed heating and hot water, gas boilers and renewable such as heat pumps.
- Developing effective working relationships with all Co-owners, Residents and visitors to Middleton Hall.

MIDDLETON HALL

RETIREMENT VILLAGE

Would I be right for the role?

- Are you time-served with post qualifying experience, do you possess Domestic gas safe qualifications?
- Do have demonstrable knowledge & experience in both domestic & light commercial plumbing?
- Do you possess working knowledge of vented and unvented heating systems?
- Do you have experience in bathroom suite installations, particularly wet room and Doc M Suites?
- Are you a confident problem solver – able to efficiently manage and resolve break downs and repairs?
- Are you enthusiastic with a flexible approach and “can do” attitude?
- Are you ready to learn and develop within the role?
- Do you possess excellent communication skills?

If you can answer “Yes” to the above, we want to hear from you!

It is desirable if candidates also have:

- Unvented hot water qualifications or knowledge of renewable heating systems
- Commercial ACS qualification
- To have worked either in a similar role, or within customer facing roles such as installers, breakdown, or service engineers.

Just some of the benefits you can expect to receive...

- Full induction programme and many training & development opportunities
- Use of our Spa & fitness facilities
- Free Parking
- Discounted Food/Drink from our Orangery menu
- 24/7 access to our EAP service

How do I apply?

Please download & complete an [application form](#) and return this to us via recruitment@mhrv.co.uk

Due to Covid-19 legislation our vacancies are subject to mandatory vaccination requirements, unless exempt. As part of our pre-employment checks you will be required to provide evidence of completed vaccinations or complete a medical exemption self-certification form.

We are committed to safeguarding and promoting the welfare of our residents. We expect all co-owners and volunteers to share this commitment and an enhanced disclosure & barring service check (DBS) will be sought.
