

MIDDLETON GARDENS

RESIDENTIAL CARE

“A RESIDENTIAL CARE SERVICE WITH A PERSON CENTRED APPROACH.”

Middleton Gardens is able to cater for up to 22 residents who require different levels of residential care that reflect people’s differing lifestyles and preferences. Residents where possible, or their families, are fully involved in planning their own daily and weekly activities and there are also opportunities to be involved in outdoor activities. This supports our approach to providing person centred individual care, to enhance the quality of life for our residents. We assess all new residents prior to admission and use this information to complete an individual and detailed care plan.

Middleton Gardens offers rooms of different sizes all with en-suite shower facilities. Some rooms are able to accommodate additional seating areas, ideal for visiting family and friends. The ground floor rooms all have patio doors with access to an outdoor area for seating, as well as our attractive gardens.

A central spacious lounge looks out over our award-winning gardens with a second lounge on the first floor. These areas each provide an attractive hub for residents to meet and socialise together as well as where they can meet with family and friends.

MIDDLETON GARDENS

RESIDENTIAL CARE

Residents can enjoy their meals served in our restaurant style dining area, or the option of having meals in their own room. The dining area has access to the garden and incorporates a fully operational kitchen, where residents can make their own hot and cold drinks and participate in preparing snacks should they wish.

Our dedicated and passionate care team are trained to understand the different levels of residential care required, whether this is assistance with personal care, or for some who require help with their mobility or meals. We understand that those seeking this type of residential care wish to be as comfortable as possible and have the reassurance and peace of mind that the correct levels of care are always available.
